ECONOMICS • ENVIRONMENT • HERITAGE • HEALTH

40 associations • 15 European countries

On 9 September, more than 40 associations representing fifteen European countries will gather in front of the European Parliament in Brussels.

This day will provide an opportunity to meet Members of the European Parliament and to exchange experiences from different countries at the participants' stands.

The objective: to promote an energy policy that reconciles protection, control of public spending, security of supply, and the preservation of our heritage and health.

We invite citizens, elected representatives and associations to join this European mobilisation.

WHY TAKE PART?

- ✓ Meet Members of the European Parliament
- ✓ Exchange at the stands of participating countries
- ✓ Take part in the conference
- ✓ Defend our heritage and health
- ✓ Assess public spending
- ✓ Reduce the cost of electricity

PROGRAMME
